Service overview

What is it?

This section gives pricing for the subscription element of the PoliceBox® SaaS. The minimum subscription period is 12 months and gives you the right to use our service under our terms and conditions.

Core Service Subscription

The price is based on a baseline price for the core subscription together with a per-person*, per-month (with volume discount) subscription model.

The subscription includes:

- Frontline mobile apps (Android, Apple iOS, Windows 10 and Chrome OS).
- App Designer – define and deploy task templates, integration, role assignments and more.
- Management Portal – manage onboarded users, view dashboard, logs etc.
- Cloud delivery service - export collected data.
- Application Programming Interface (API) - for additional cloud-based integration.
- Each subscription will comprise: Live, Test and Train systems.
- Core back-end cloud functionality – data processing, configuration, user management.
- Includes support services, training materials, documentation, and new releases
